- Fitted toilet
- Clarke Power IG2200 inverter generator
- Three Motor Mover XL 110E batteries

Reg No: P78 MPO
Mileage: 18997
MOT Exempt

Fiat Ducato 14 MWB Show Vehicle

An exceptional vehicle for anyone looking to promote their green credentials or simply to have self-sufficient promo wagon with self-generating power and full kitchen and toilet facilities. Option of fuel lets you choose between either Petrol or LPG dependant on journey type and fuel availability.

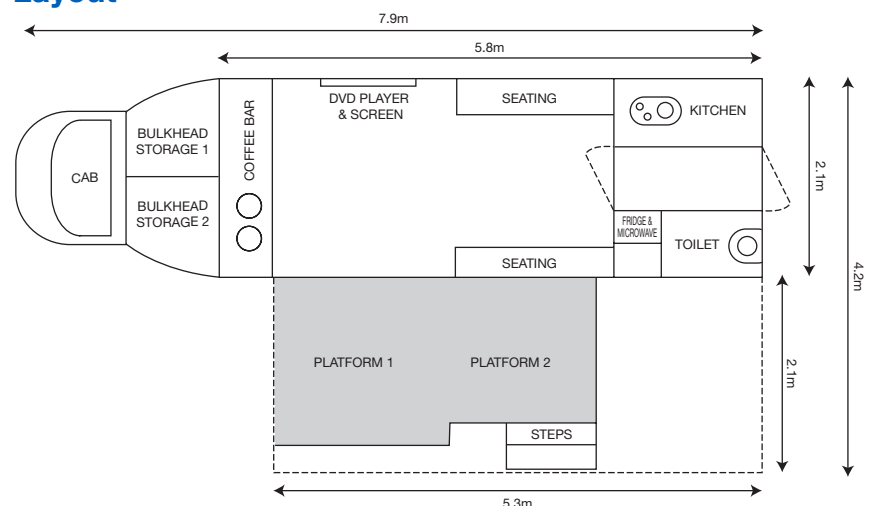

Set up in under 60 minutes this is the ultimate promotional tool for anyone who wants to get out to meet their customers in the field face to face and demonstrate the product or a very cost and labour effective exhibition stand that you can load up and drive off at the end of the show saving you time, transport and stand cost.

An excellent addition to any marketing mix or maybe for the slightly more adventurous and opportunity for further conversion to a mobile home.

With less than 19,000 miles on the clock, a spotless cab and a host of built in features and benefits there is many more years of happy motoring left in this vehicle whichever way you choose to use it.

Dependent on its final usage it may need some minor refurbishment but otherwise ready to go.
