

THE ORIGINAL
ALL-WEATHER STRETCH TENT

2026 PRODUCT CATALOGUE

ABOUT US

Established in 2002, Nomadik® Stretch Tents is a South African-based **manufacturer and supplier of the “original all weather stretch tent.”**

The Nomadik brand is synonymous with high-quality, durable stretch tents designed for the outdoor event industry, engineered for performance and long-term use.

All our tents are supplied with a 10-year waterproof warranty and a 2-year workmanship guarantee.

Within the Eurozone, our products are distributed under the Stretchtent Pro label from offices in the Hague, Netherlands, where we maintain extensive stock of ready-made tents for immediate dispatch.

In the United Kingdom, we distribute from our Wimbledon offices, where we carry a similarly large stock of tents and accessories throughout the year.

These strategic locations enable fast and efficient distribution throughout Europe and the UK, with reduced lead times, freight costs, import duties, and customs delays,

Our tents are compliant to all EU and UK fire & safety standards and are structurally certified in accordance with the French CTS, German TÜV and ENS 13782 standard.
