

# Compass and Canvas

Redefining Outdoor Hospitality.

A distinctive, refined alternative to cabins and pods. We provide fully furnished circular accommodation designed for deep comfort and connection with nature.

# More Than a Tent. A Destination.

Designed for clients seeking a distinctive edge for their land, retreat centre, or hospitality setting. Compass and Canvas offers a robust, elegant solution for long-term hire, bridging the gap between rugged nature and boutique hotel comfort.

# Built for Longevity.

## **\*\*Solid Metal Framework\*\***

Unlike traditional wooden structures, the Compass and Canvas 5-metre yurt is built around a solid metal structural frame with engineered roof supports.

- **Structure:** Solid metal frame for superior strength.
- **Covering:** Insulated felt layer protected by a durable outer canvas.
- **Access:** A secure frame with a standard single entrance door.

# The 5-Metre Footprint.

Spacious, secure, and substantial. The structure provides approximately 19.6 m<sup>2</sup> of internal area, offering ample room for a complete bedroom and living configuration.

## Specifications:

- **Diameter:** 5 metres
- **Clearance:** Requires a minimum clear space of 7 metres diameter
- **Base:** Suitable for level, well-drained ground or raised platforms

The image shows the interior of a tent or glamping pod. A wooden bed frame with a patterned blanket and several pillows is the central feature. To the left, a wood-burning stove with a tall metal chimney pipe stands next to a large wicker basket filled with firewood. A small wooden nightstand with a lamp and a vase of flowers is next to the bed. The walls are covered in light-colored fabric drapes, and the floor is carpeted. A large, patterned rug is on the floor in the foreground. The lighting is warm and ambient, creating a cozy atmosphere.

## Step Inside.

The interior finish transforms the structural frame into a sanctuary. Full fabric wall drapes provide warmth and acoustic softness, creating a calm, insulated environment suitable for extended stays.

# Fully Dressed & Furnished

We deliver more than a shell. Every yurt is supplied fully furnished, typically configured as a combined bedroom and lounge space using natural materials and classic design.

## Lounge

Chesterfield leather sofa and side furnishings.

## Textures

Coir flooring throughout, layered with rugs and sheepskins for insulation and comfort.

# Hotel-Grade Comfort.

Designed for rest and retreat. The sleeping quarters feature a double bed with bedside cabinets, ensuring guests experience the comfort of a hotel room within a unique circular space.

Configurations can be adapted to suit specific occupancy needs.

# Curated Details.

The 'Compass and Canvas' promise means the space arrives ready for immediate use. From the table and chairs to the placement of mirrors and decor, the interior is styled to feel established and welcoming from day one.

# Ideal Applications.

A versatile solution for maximizing land use without permanent construction.

- Retreat and wellness stays
- Glamping and pop-up hospitality
- Creative residencies
- Quiet working spaces or private living quarters

# Specialists in Multi-Unit Sites.

Compass and Canvas specializes in long-term rental for sites requiring multiple units. We encourage ongoing relationships with retreat centres and landowners looking to scale their accommodation capacity efficiently.

*Sliding-scale efficiencies are available for larger installations (4+ units).*

# Flexible Configurations.

Interior layouts can be adapted depending on use, available space, and hire duration. Whether for couples, twin-share retreat guests, or solo creative work, the space adapts to your project's requirements.

# All-Season Appeal.

To extend the season and enhance the atmosphere, a wood-burning stove is available as an optional addition.

**Note:** Installation is subject to site suitability, permissions, and safety requirements confirmed during assessment.

# Site Requirements.

You provide the location; we provide the grandeur.

- ✓ Vehicle access for delivery.
- ✓ Level, well-drained ground.
- ✓ For long-term hire: A client-provided base is required to allow airflow beneath the structure and prevent water pooling.

# The Service Model.

A seamless rental experience designed for the long term.

- **Structure:** Complete yurt structure (Metal frame, roof, coverings).
- **Interior:** Full interior draping and furnishing package.
- **Service:** Delivery, assembly, and disassembly (Location dependent).

# Create Your Space.
